## THE GREAT MIGRATION: TRAVELING THE DISTANCE

## READING DATA

Directions: Study this data on migration patterns.

AFRICAN AMERICAN MIGRATION PATTERNS<br>Based on Top Ranked Southern States of Birth<br>1920-1970

Black Residents of Detroit

Black Residents of New York

Black Residents of Pittsburgh

Black Residents of St. Louis

Source: William H. Frey, Brookings Institution, analysis of
US Census Bureau's Decennial Censuses, 1920-1970.

## THE GREAT MIGRATION: TRAVELING THE DISTANCE

1. Based on the information provided, from which Southern states did the migrants come? List all of the different states. You can look up the state abbreviations if you need to.
$\qquad$
2. In 1920, from which Southern state did most of the migrants come? $\qquad$
3. In 1940, from which South state did most of the migrants come? $\qquad$
4. Considering both 1920 and 1940 , from which Southern state did most of the migrants come?
5. Look at the data for the city of Chicago.
a. How many African Americans arrived in 1920? $\qquad$
b. How many African Americans arrived in 1940? $\qquad$
c. Looking at the number of African Americans who arrived in 1920 and the number of African Americans who arrived in 1940, how many more African Americans arrived by 1940 ? $\qquad$
d. How many African Americans arrived between 1920 and 1940 in total? $\qquad$
6. Look at the data for the city of New York.
a. How many African Americans arrived in 1920? $\qquad$
b. How many African Americans arrived in 1940? $\qquad$
c. Looking at the number of African Americans who arrived in 1920 and the number of African Americans who arrived in 1940, how many more African Americans arrived by 1940? $\qquad$
d. How many African Americans arrived between 1920 and 1940 in total? $\qquad$
7. By 1940, which Northern city had the most migrants? $\qquad$

## THE GREAT MIGRATION: TRAVELING THE DISTANCE

## UNDERSTANDING DISTANCE

1. Examine this map and identify and circle these Southern cities:
a. Savannah, GA
b.New Orleans, LA
c. Galveston, TX
d. Birmingham, AL
e. Mobile, AL
2. Identify and put a square around these Northern cities:
a. New York, NY
b. Chicago, IL
c. St. Louis. MO
d. Los Angeles, CA
e. Detroit, MI
f. Pittsburgh, PA

3. Study this travel distance table and determine the distance between the following cities:
a. Galveston, TX to Pittsburgh, PA
b. Birmingham, AL to New York, NY
c. New Orleans, LA to Detroit, MA
d. Mobile, AL to Los Angeles, CA $\qquad$
e. Savannah, GA to St. Louis, MO $\qquad$
4. Based on the information you collected, which trip was the longest? $\qquad$
5. Based on the information you collected, which trip was the shortest? $\qquad$
$\square$
